All the forces of evil | call

I dare you to join us August 18–23 for an anniversary celebration of a truly devilish, worldclass event. As expected, we will be providing a wicked wonderland full of animation experiences. T he good, the bad, and the ugly (mostly the bad and the ugly) will guide you through your animation adventure to further explore the art of animation.

We will subject you to a grueling schedule of workshops, artist presentations, and team projects. Once again you will be dreaming, theming, and scheming with other shady characters who are also interested in the torturous world of animation.

Your host for the event will be the always-spellbinding and frightfully funny **Jeff Kurtti**, who will lay out for us a blueprint for evil throughout the event.

T o make your timely reservations to this wicked event, please **call 407-827-7600**. T he price for the event is **\$1,549** per person.* Register by April 1 and, as a special gift, you will receive a limited edition illustration created by Walt D isney World[®] artist, D on "D ucky" Williams.

T he 5th Anniversary Disney I nstitute Animation Event includes the following:

- 6-day/5-night resort accommodations at Disney's Contemporary Resort
- Animation workshops, team production experience, and a copy of the team animated film
- V isiting artist presentations
- Welcome reception, daily lunches, and final screening and wrap party
- Complimentary transportation throughout the Walt Disney World[®] Resort

Be sure to let other unfortunate souls know about this event so they too can join in the sinister fun and rub elbows with the best of the underworld.

Walt D isney wanted us to remember: "I t was all started by a mouse." I, however, am of the opinion that it was all started by a louse!

Regrettably Yours,

Malificent
